How we settle claims

We will decide to settle a claim either by payment, or by reinstatement, replacement or repair for loss or damage in respect of any loss covered by the **policy**.

Section 1, 2, 4: Premises, Contents and All Risks

In the event of a loss under these sections **we** will pay up to the sums insured noted on your **schedule**.

Under Section 1 **Premises**, in the event the property has to be rebuilt following a total or partial loss, the property will be rebuilt in line with current building regulations.

Section 5: Caravans

In the event of a loss under this section **we** will pay up to the sum insured noted on your **schedule** or the market value of the caravan/mobile home at the time of its loss or damage (whichever is the less).

Section 6: Small Craft

In the event of a loss under this section, **we** will pay up to the sum insured noted on your **schedule** except where otherwise indicated within the **policy** wording.

The settlement of any claim is subject to the terms, conditions, limits, exclusions of the **policy** and may also be subject to deductions as described below:

Excess

The amount of the **excess** is noted on the **policy schedule**. This amount will be taken from each claim unless otherwise stated in the **policy** wording.

Under insurance/average clause

You must ensure that the sums insured on your **policy** are adequate to cover the reinstatement value of each section of the **policy** where applicable. The sums insured **you** select for your **premises** should reflect the cost of rebuilding your property including the fixtures and fittings, domestic outbuildings, cost of professional fees and site clearance.

If it is discovered during the course of the claims investigation, that the sum insured is less than the actual reinstatement value of the **premises** or the item **you** are claiming for, **we** may reduce the settlement of your claim by the percentage that it is underinsured by. This applies to each section of the **policy**.

How we settle claims

Wear and tear and depreciation

Section 1: Premises

If your claim is accepted, **we** will settle on a new-for-old basis. **We** will not make any deductions for wear or tear, or depreciation, provided that:

- no unauthorised repairs, other than emergency repairs, have been carried out
- authorised repair or replacement is carried out without delay.

Section 2: Contents

If your claim is accepted, **we** will make a deduction for wear, tear and depreciation for:

- household linen,
- clothes,
- sporting equipment,
- bicycles.

For all other items, **we** will settle on a new for old basis. This means that **we** will not make a deduction for wear and tear in the event of a total loss or destruction claim. If it is a partial loss claim, **we** will pay the cost of repair (if repairs can be made). This is subject to the cost of repairs being less than the replacement value of the item (s) as new.

If a dispute arising out of this **policy** cannot be settled between **us** **you** will refer the dispute to the Financial Services and Pensions Ombudsman– please refer to the Important Information section of this **policy** for contact details. Our rights:

Act to recover payment / subrogation

We are entitled to take proceedings at our own expense and for our own benefit, but in your name, or in the name of any other person indemnified by this **policy**, to recover any payment **we** have made under this **policy**.

Subrogation is the process whereby when **you** have the right to recoup damages and/or costs from another person, resulting from an incident which is covered under your **policy**, **we**, your insurer, are entitled to recover such amounts from the other person(s).

In the event that the other person involved in the incident is a family member or cohabitant, or someone who caused an insured incident when using your motor vehicle with your consent, **you** may have decided not to recoup any resulting damages and/or costs.

In such situations **we**:

- may not seek to recover such amounts by subrogation if that person is not insured in respect of the incident,
- may not recover an amount which exceeds what they may recover from their own insurance **policy**,
- will not require that **you** give **us** permission to recover such amounts in order for **you** to be able to claim from **us**,
- reserve the right to recover such amounts where the incident arose from serious or wilful misconduct of the other person.

Claims – terms and conditions

In the event that the other person is your employee, **we** will not seek to recover damages and/or costs unless the incident was caused intentionally or recklessly, and with knowledge that loss or damage would probably result.

Please note that **we** may not accept any claims where your **policy** excludes any liability which is implied by agreement, and where **you** have entered such an agreement which limits your rights to recover damages and/or costs from any person in relation to any incident covered by this insurance.

Co-operation from you

We are entitled to receive full co-operation and all necessary assistance from **you** or any other person covered by the **policy**.

Defend or settle legal action

We are entitled to take over and conduct the defence or settlement of any legal action in your name or in the name of any other person covered under this **policy**.

Expert approval

We are entitled to select one or more experts of our choice.

If **you** hire any experts or contractors (other than those carrying out emergency works) without our express consent, the engagement of these experts or contractors will at all times be subject to our approval.

Full premium payment

If **you** make a claim in the current **period of insurance**, **you** must pay the full annual premium. **We** may ask for full payment of any outstanding premium before **we** pay the claim or **we** may deduct any outstanding premium from any claim payment **we** make to **you**.

Replacement or repairs

We are entitled to arrange replacement or repair through one of our approved providers, or alternatively **we** may authorise replacement or repair arranged by **you**.

Salvage

We are entitled to enter any building where loss or damage has occurred and deal with any salvage in a reasonable manner. However, no property may be abandoned to **us**.

Claims – terms and conditions

Phased claim payments

We reserve the right to release claim payments on a phased basis as agreed repair or reinstatement work is completed. Once **we** agree the work to be undertaken and the estimated cost of that work **we** will release a portion of the payment to enable **you** to commence the repair or reinstatement work. **We** will release subsequent payment(s) to **you** once **we** have obtained final invoices/receipts from **you** and **we** are satisfied that the work has been completed and the repair costs have been incurred, as agreed with **you**.

Terms and conditions

Observance of conditions

The observance by **you** of the terms, conditions and **endorsements** of the **policy**, as far as they relate to anything to be done or complied with by **you**, will be a condition precedent to any liability of the company.

Cancelling this policy

You may cancel the **policy** at any time by written notice to **us**. **We** may cancel the **policy** at any time by issuing a written notice to **you** at your last known address. If there has been no claim on the **policy** **we** will return the premium for the unexpired **period of insurance** if it has been paid.

If **we** cancel the **policy** as a result of non-payment, or part payment, **we** will cancel the **policy** with effect from the last day the premium paid to **us** entitled **you** to cover.

If **you** cancel your **policy** within the first 14 working days of the **period of insurance**, no transaction charge will apply. However, if **you** cancel your **policy** after the first 14 working days, a transaction charge will apply. This transaction charge is outlined on your **policy schedule**.

If **we** cancel your **policy**, at any stage, no transaction charge will apply.

Change in terms and conditions

If **you** tell **us** about or **we** discover something that happened prior to the **policy** being taken out or prior to the renewal of your **policy** that **we** deem to be material to the **policy** **we** may change the premium or the terms and conditions or both. **We** may also add exclusions from the date the **policy** originally started or renewed with **us**.

Change to your material facts

You have an ongoing obligation to update **us** if any of your material facts changes during the lifetime of this **policy**. If **you** tell **us** about the change, it may result in a change to your **policy** conditions and premium.

- make a claim which is in any way false, inflated, exaggerated, or fraudulent and/or;
- support a claim with any false, inflated, exaggerated, or fraudulent documentation and/or;

- seek payment from **you** for the costs involved in recovering our loss and/or;
- inform An Garda Síochána/Police Authorities of the circumstances.

Dual insurance

If there is other insurance in place providing cover for the property insured under this **policy** and where there has not been a claim, **we** will refund the portion of premium which is proportionate to the cover **we** have provided.

If an incident occurs which results in a claim, **we** will only pay our portion of the claims settlement based on cover **we** are providing.

Joint insured/multiple insured

If your property is jointly insured with one or more other people, all parties can ask for changes to the **policy** cover or to cancel the **policy**.

We require written authorisation signed by all parties to change the **policy** from joint/multiple cover to single cover or from single cover to joint/multiple cover.

We will pay any premium refunds or claims payments to all policyholders. If any financial institution has their interest noted on the **policy**, then claim payments may be made in the joint names of the financial institution and the policyholders.

Maintenance and security

You must keep the **premises** in good repair and take all reasonable precautions to ensure the safety of property insured and to prevent accidents. This includes but is not limited to making sure that all rooms, windows, doorways and exits are not blocked by an excessive accumulation of **contents**.

You have a duty provide all material facts asked of **you**. When arranging this insurance over the phone, by email, via our website or through your insurance intermediary **you** declared that the answers **you** provided were, to the best of your knowledge and belief, true and complete in every respect and that **you** did not make any misrepresentations. **You** acknowledged the importance of answering all questions honestly and taking reasonable care not to make a **misrepresentation** when providing **us** with answers to the questions asked. Failure to do so may lead to the voidance of your

Terms and conditions

policy and/or your claim not being paid at all or alternatively only part of your claim being paid to **you**. If **you** are in any doubt about whether or not a fact is material, **you** must contact **us** or your intermediary for clarification.

If **you** tell **us** about the change, it may result in a change to your **policy** conditions and premium.

Examples of misrepresentation:

- Not answering questions truthfully;
- Failing to notify **us** of any changes to information **we** previously asked **you**;
- Deliberately misleading **us** in order to obtain a cheaper premium or more favorable **policy** terms;
- Making a false verbal or written statement to **us**;
- Providing **us** with false or forged documents.

This is not an exhaustive list and if **we** identify any **misrepresentation** by **you** or any other person insured under your **policy**, **we** may:

- apply a **policy** loading or recalculate your premium. In either case, an additional premium will be due to **us** and/or;
- apply further terms and conditions to your **policy** or reduce your cover and/or;
- invoke cancellation of your policy and/or; declare your **policy** void from the start date – **we** will treat the **policy** as if it never existed and/or;
- withhold any return premium due to **you**.

If **we** take any of these actions, **you** may lose all rights to pursue a claim under this **policy**.

The above is in addition to any other rights **we** have, as outlined in this document.

Your **policy** does not cover loss or damage caused by **flood**. **Flood** is defined as an accumulation of water which occurs from a sudden and rapid build-up of water on the ground level which comes from an external source and/or by an extremely heavy or persistent down pour of rain.

S01 – Subsidence exclusion

This **policy** does not cover loss or damage caused by any of the following:

- a) subsidence or ground heave of any part of the site on which the house stands, or landslip,
- b) freezing or an escape or overflow of water from within any underground plumbing or heating system,
- c) **accidental damage** to buildings.

Safety precautions

Fire prevention

Electrical appliances

Electrical sockets should not be overloaded. The ideal is one appliance, one socket. Replace worn flexes immediately and unplug all appliances when not in use.

Heating appliances

Keep heaters away from furniture, curtains and bedclothes. Never move or refuel an oil or gas heater while it is lighting.

Open fires

Never leave a room without putting a spark guard in front of the fire. Have your chimney swept regularly – at least twice a year.

Cooking

Keep all electrical flexes off cooker rings or hobs. Be especially careful with chip pans, they should never be left unattended on a lighted cooker.

Smoke alarm

You should install at least one **smoke** alarm in your house.

At night

Unplug all electrical appliances – especially the TV set. Close doors to all rooms as this will help to contain fire and **smoke** should a fire break out.

Water damage

Every year severe winter conditions cause pipes to freeze and burst. The ensuing water damage to your house and **contents** can be quite substantial. **We** recommend that **you** take precautions to help reduce, or prevent, loss or damage of this nature in the winter months.

All pipes and tanks should be fully lagged. Leave the underside of attic tanks unlagged to ensure rising warmth can reach them. Inspect your cold water tank for rust/corrosion.

In winter

Most damage tends to occur while people are away from home. If **you** are away for a few days, unless your heating is being left on: Turn off the water supply at the mains and drain your domestic hot/cold water system by letting the taps run.

Caution. When **you** return home do not light your boiler until the system is completely filled. Refill slowly to avoid airlocks.

Safety precautions

Burglary prevention

While your insurance covers the financial loss **you** suffer as a result of a break-in, nothing can protect **you** from the emotional trauma and shock suffered when a stranger ransacks your home and rummages through your belongings. However, there is a lot **you** can do to help prevent it happening in the first place.

All external doors

Fit five-lever mortice deadlocks (or their equivalent) to all external doors and **you** should lock these doors even if **you** are out for just a short time.

All accessible windows

A large number of break-ins occur through windows. Fit security locks to all accessible windows, especially those on the ground floor or near drainpipes or flat roofs.

Going out at night

When **you** go out for the evening, it's a good idea to draw the curtains and leave a light on in the living room or a bedroom. Leaving the hall light on is not a good deterrent. Keep your garage/garden shed locked. Do not leave garden implements, especially ladders, lying around. These could help a thief gain access to your home.

Going on holiday

When **you** go away on holiday, cancel all deliveries, i.e. milk, newspapers etc.
